CISM Group Intervention and Individual Intervention

March 19-21

This 3-day course combines ALL the content of ICISF's **Individual Crisis Intervention and Peer Support AND Group Crisis Intervention.**

Crisis Intervention is NOT psychotherapy

CISM is a specialized acute emergency mental health intervention which requires specialized training.

As physical first aid is to surgery, crisis intervention is to psychotherapy.

Crisis intervention is sometimes called “emotional first aid.”

This program is designed to present the core elements of a:

- comprehensive
- systematic and
- multi-component crisis intervention curriculum.

The class will prepare participants to understand a wide range of crisis intervention services for both individual and group intervention.

The participants will leave with both knowledge and tools to provide several group interventions –

- Demobilization
- Defusing, and
- Critical Incident Stress Debriefing (CISD).

The cost of the combined class will include both Study Guides.

Upon completion, you will receive two certificates from ICISF:

Group Crisis Intervention

Individual Crisis Intervention and Peer Support
